

Director, E-Commerce

Description

The Director Ecommerce supports the Global Head of Collections in driving and delivering the strategy for eCommerce and overall Collections products. The job holder is accountable to deliver the specific initiatives, innovations and commercialization agenda for S2BPay.

Responsibilities

- To deliver a seamless digital collections experience for our client base.
- To deliver the Collections strategy in eCommerce.
- To engage relevant stakeholders in solutioning, build and delivery.

Strategy

- Drive eCommerce agenda that will enhance the underlying Product Fee, float and attract liability balances.
- Lead specific initiatives to gain broader market share, support key client implementations from product management perspective, win share of mind, demonstrate subject matter expertise to help teams across regions/countries and support sales teams during client pitch and RFP processes.

Business

- Conceptualize and implement new product propositions in the ecommerce space with internal stakeholders, clients and partners.
- Form relationships with FinTech's, payment service providers, mobile wallet providers, etc to support roll out and implementation of the product offering.
- Drive launches and commercialize our eCommerce and Digital Collections proposition across the Bank's footprint markets considering evolving client needs across all client segments.
- Work with Sales and Marketing to develop strategy to market product offerings.
- Provide ongoing support and training for stakeholders including local Product managers, Relationship managers, Sales team, risk functions, etc to build product knowledge for effective commercialization.
- Own P&L responsibility for Digital Collections product offering.

Processes

- Proven knowledge in terms of mapping, designing, and implementing omnichannel integration processes to deliver superior product, service and sales experiences.
- Must have awareness and understanding of the Operational Risk Framework for Transaction Banking.
- Work with risk and compliance on improving the existing framework to facilitate business growth.
- Providing clear business case for justification and investment.
