Treasury Manager – FX

Description

We're looking for an experienced Treasury Manager to join our Treasury team in Singapore. This role is a unique growth opportunity in our Treasury within our newly created Markets team, with the ability to have a direct impact on Wise's mission → Money without Borders.

Your mission:

Wise has already pioneered new ways for people to transfer money across borders and currencies. Our customers can also manage their hard-earned money with the world's first platform to offer true multi-currency banking. Your mission is to help us manage our risks in real time, and help us keep lowering our prices

Our Markets team manages the risk on our GBP 105bn+ FX book and our GBP 11bn of customer assets.

Responsibilities

Here's how you'll be contributing to the Treasury team

- Using your experience managing dealing activities, you will help us manage group wide FX risks and manage liquidity trades to ensure we have money where our customers need it.
- Own the local execution relationships with our panel of international banks and counterparties, ensuring we are negotiating on price, and optimising for both price and broader relationship whenever we trade
- Taking ownership and propose updates and upgrades to our dealing approach, policies, controls and systems
- Be an experienced leader adept at training and building high performance teams
- Be part of the team rolling out new currencies and products, ensuring Treasury can manage the risk efficiently in time for new launches
- Build and deliver reporting on dealing activities and monthly improvements as the role evolves
- Bringing your external markets knowledge and experience to our teams to ensure we can keep growing at scale
- Within our Markets area we also manage our cash and asset book of GBP10bn+, this role will work closely with this team
- Working directly with our product team to automate risk management and funding strategies once proven

This role will give you the opportunity to:

- Choose your path to impact – we believe people are most empowered when they can act autonomously. So rather than telling you what to do, you'll work with your team to create a vision of your own. Of course, you can always gather feedback from smart, curious people across Wise but you'll have the
